QUESTIONS and ANSWERS

I. COMMENCEMENT CEREMONY

Which graduating classes are invited to attend the Commencement ceremonies?
Students who graduated with a Baccalaureate or Graduate degree December 2018 and who will graduate with a Baccalaureate or Graduate degree May 2019 and August 2019 are invited to participate in the Commencement ceremonies.

How many Commencement ceremonies are there to attend?
Students may attend two Commencement ceremonies.

IUPUI Main Graduation Ceremony at the Lucas Oil Stadium – The IUPUI Main Graduation Commencement ceremony honors both Indiana University and Purdue University graduates. Students are acknowledged as a whole and with their school. Students are not individually recognized, except for Ph.D. students, who will cross the main stage. However, all students will walk across a small platform (not the main stage) and receive their diploma cover. Science students are invited to the Main Ceremony that will take place at 10:00 a.m., Saturday, May 11, 2019, at Lucas Oil Stadium. All students must report by 8:00 a.m. to line up. The robed procession will begin at 9:00 a.m., one hour prior to ceremony.

School of Science Commencement Ceremony – The School of Science Commencement Ceremony will be held on Saturday, May 11, 2019, at the Indiana Convention Center after the IUPUI Main Graduation Ceremony at Lucas Oil Stadium. The School ceremony is designed to individually recognize students who are graduating from the School of Science. Students walk across the stage as their names are announced. You are requested to check in at the registration table, which will be located in Hall G and assemble no later than 12:30 p.m. immediately following the Main Ceremony. The Science processional will begin close to 12:45 p.m. with the program beginning at 1:00 p.m.

All students are individually recognized as they cross the stage. M.S. and Ph.D. students will be hooded at the School of Science ceremony by the student’s academic department chairperson or faculty advisor/mentor.

At the check-in table, you will be handed a name card on which you can phonetically spell your name. You will hand your name card to the person at the podium as you cross the stage to be recognized; be certain to keep this card with you as you process to the stage.
Do I have to attend either the ‘main’ IUPUI Commencement Ceremony or the School of Science ceremony?

No, you are not required to attend either one. You can choose either to participate or not participate in any of the graduation ceremonies. The ‘main’ IUPUI ceremony is the official University ceremony, and it is there that degrees are conferred and diploma covers are presented. No diploma covers are presented at the School of Science ceremony. However, should you choose not to attend the IUPUI ceremony, diploma covers will also be available from the School of Science Dean’s office once diplomas are available for pick up.

Do I have to RSVP for the ceremonies?

This year we are asking all students to respond (RSVP click here) to indicate whether they will attend the IUPUI main ceremony, or the School of Science ceremony, or both ceremonies, or neither ceremony. Please respond to the above link by April 12, 2019.

Is there a limit on the amount of guests that I can bring?

No, there is no limit for either ceremony. However, the School of Science Ceremony can become standing room only, so inform your guests to arrive early.

Who do I contact if my guest(s) or I need an interpreter for a hearing impairment or have a disability and need special seating arrangements?

IUPUI Main Ceremony: Contact the Commencement Hot Line at (317) 278-1700 or by email at commence@iupui.edu as soon as possible, but no later than May 1. The name of student and School (Science) with which student will be seated is requested.

For students who are graduating in May 2019 or August 2019, tentative graduation honors: distinction (IU and Purdue graduates), high distinction (IU graduates only), and highest distinction (IU and Purdue graduates), are based on your most recent degree grade point average calculation. Official graduation honors for May 2019 or August 2019 will be awarded after final grades are posted and will be recorded on your diploma and transcript. Honors for December 2018 graduates have been determined and this information is posted on the student’s transcript and diploma.

If you are receiving a Bachelor of Arts or Bachelor of Science degree and received honor cords, the cords should be worn pinned to the left shoulder of your gown.
